

## **Extended Deadline** for Submission of Papers for the 1<sup>st</sup> ICSU WDS

### **Conference**

Issued Date: 20 December 2011

Although the Editorial Committee of the Proceedings of 1<sup>st</sup> ICSU WDS Conference is receiving submissions from participants of the Conference, we would announce the extension of the deadline for manuscript submission to **31 January 2012**, in response to the ever-increasing requests. The Editorial Committee would hope to publish a comprehensive set of presented papers by this extension because the Conference was a remarkable opportunity to assemble a wide variety of reports and opinions from data-oriented communities, at the time of initiation of membership applications to WDS.

All **inquiries** on the Proceedings should be addressed to the Managing Editor (Takashi Watanabe, [wdswatanabe@nict.go.jp](mailto:wdswatanabe@nict.go.jp)).

Have a Happy New Year!

Takashi Watanabe

Managing Editor of the Proceedings of 1<sup>st</sup> ICSU WDS Conference (CODATA Data Science Journal)
